22 June 2011
Dear Parent/Carer
On Thursday 30 June Year 6 students will take part in an Antarctica Day to culminate the unit of work that they have been studying this term. They will construct shelters and perform an Antartica play that they have written. Students can bring food to share in their groups and wear mufti. Each group has worked out what they require so therefore your child needs to bring the following:

............................................................................................................
..............................................................................................................
